The Applied Nutrition – Dietetics FEM-G program requires that all primary preceptors complete a formal evaluation of the student’s level of specific competencies, as is required for compliance with standards set by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). Additionally, I understand that hours of supervised experiential learning under my supervision must be verified. While at my facility, I understand that that student will carry malpractice insurance, as is required under the Applied Nutrition – Dietetics FEM-G program.

These arrangements can be modified or terminated by either party with adequate lead-time to identify a replacement site for the scheduled student. If the applicant is accepted in the University of Arizona Applied Nutrition – Dietetics FEM-G program, I understand that an Affiliation Agreement will need to be established between the University of Arizona and the facility at which I am employed; I have discussed this with my human resources office and key administrative executives to ensure that my facility is supportive of my decision to oversee the intern.

Under this role I agree to provide supervised practice training experience for the graduate student and coordinate additional learning opportunities associated with my organization. I have read and agree with the above.
